Mr. Sanjiv Ahuja  
Chairman and Chief Executive Officer  
LightSquared  
10802 Parkridge Boulevard  
Reston, VA 20191

Dear Mr. Ahuja:

The Energy and Commerce Committee and its Subcommittee on Communications and Technology have been closely following the work of the Federal Communications Commission and the National Telecommunications and Information Administration regarding the interference dispute between LightSquared and the Global Positioning System community. I understand that Senator Chuck Grassley has recently requested that you share documents with his office regarding the matter.

As Chairman of the subcommittee with jurisdiction over federal communications policy, I respectfully request that you submit to the Committee all communications, records, and other documents that you have provided to Senator Grassley's staff regarding LightSquared or Harbinger in this matter. I also request that, should you provide additional communications, records, or other documents on the matter to any Member of Congress in the future, you provide a copy to the Committee as well.

Please contact Committee staff to arrange delivery of the materials. If you have any questions, please do not hesitate to contact Mr. Neil Fried at (202) 225-2927.

Sincerely,

Greg Walden  
Chairman  
Subcommittee on Communications and Technology
